### **Request For Proposal | 2019 | “Youth: Passion for Change”**

The City of Mauldin and the Mauldin Cultural Council in Mauldin, SC invite all South Carolina based visual artists, working solo or as a team, to submit proposals for the Mauldin Public Art Trail. The selected artist/team will create work in any medium that reflects the specific theme **“Youth: Passion for Change.”** The maximum budget for the project is \$15,000 – inclusive of all artist fees, materials, travel, and construction. The deadline for submissions is Monday, March 18, 2019 at 5pm. Please read the entire RFP for more information.

#### **Background: Mauldin Public Art Trail**

---

The Mauldin Public Art Trail, established in 2015, is an initiative that will result in nine (9) new public art installations at the Mauldin Cultural Center over nine years. Additionally, new work will replace the oldest work after the first ten years, resulting in a new slate of public art work every decade. Artwork is meant to reflect themes relative to the Mauldin community and/or South Carolina.

#### **About the Mauldin Cultural Center**

---

The Mauldin Cultural Center was built in 1937 and originally served as Mauldin High School and later Mauldin Elementary School. The City of Mauldin purchased the property in 2003 and has since worked hard to repurpose the building as a cultural center. The Mauldin Public Art Trail lines the perimeter of the outdoor amphitheater, located in the rear of the facility. This 1,000+ seat venue is the center of many community festivals, concerts, and other events. There are nine (9) concrete pads reserved for installations.

#### **Artist Qualifications**

---

Artists must be a resident of the state of South Carolina during the duration of the project. Non-resident students enrolled in collegiate programs at South Carolina universities/colleges are not eligible. For Artist Teams, all members must qualify under these residency guidelines. Artists must demonstrate experience in public art projects and have experience with creating public art works with lifespans of 10 years or more. Artists working in any medium are welcome; however the work must withstand seasonal change over ten years, public interaction, and be self-sufficient.

#### **Scope of Work**

---

The selected artist will create a work in any medium that reflects the specific theme **“Youth: Passion for Change.”** Experiential or participatory components are permitted. The outcome will include one complete art work made ready for public presentation for a minimum of ten (10) years at the Mauldin Cultural Center around the outdoor amphitheater. Artist must be available for a public “unveiling” and available for related press events and marketing development – this could include press conferences, “ribbon cutting” events, press interviews, video coverage, and photographs. The artist will be responsible for documenting work on the project from conception to installation. Documentation could be in the form of video, artist's book, print materials, selected objects created/exhibited as a part of the project, or other appropriate documentation agreed upon. The City of Mauldin will also document the progress of the project through similar means.

The theme **“Youth: Passion for Change”** was selected as we recognize the youth as our future. Today's generation yields a strong passion for social change across various areas of politics. Submissions should reflect the theme “Youth: Passion for Change” from the artist's perspective.
